	Public Holiday		Vacation/ Re-opening
	School Activities		Midterm Break

Kwame Nkrumah Day Celebration

Our school will be celebrating Kwame Nkrumah to honour his great contribution to the independence and development of Ghana. During the celebration, learners will take part in cultural activities, storytelling, poems, songs, and presentations about his life and achievements.

Fire Safety Day

Fire Safety Day will be celebrated in our school to help learners understand the importance of fire prevention and safety. On this special day, learners will take part in exciting activities such as fire safety talks, demonstrations, emergency drills, and interactive learning sessions.

Fruits Fun Day

On this day, children will explore different types of fruits, learn the importance of healthy eating, and understand how fruits help keep the body strong and active. Learners will also take part in exciting activities such as fruit tasting, fruit identification, and creative classroom discussions

Fine Motor Friday

Children will take part in exciting hands-on activities such as colouring, tracing, cutting, threading, drawing, and building with small objects. These activities help strengthen hand and finger muscles, improve coordination, concentration, and support writing and everyday skills development.
